Mr. NICHOLSON submitted the following

REPORT.

*The Committee on Revolutionary Claims have considered the memorial of Catharine Wilkie, daughter and only heir of Joseph Paine, praying relief on account of the military services of her father during the revolutionary war, and submit the following report:*

They have examined with care the memorial of the petitioner, and have been unable to find any ground on which they can recommend the relief prayed for. They therefore report adversely to the claim, and ask to be discharged from its further consideration.
